

Delivering Medication Therapy Management Services

Certificate of Achievement

This acknowledges that

Saul Alvarado

has successfully completed the APhA Delivering Medication Therapy Management Services certificate training program focusing on the knowledge and skills associated with improving medication use in patients with complex medication regimens. The training associated with this APhA Certificate of Achievement is current for 3 years from this date of issue. It is the responsibility of the practitioner to engage in continuing professional development and education to meet the existing standards of practice set forth by the practitioner's state board of pharmacy and/or the policies and procedures of the organization that employs the practitioner.

Date of Issue: 10/28/2022
