NSU's International Education Week Opening Ceremony

- Sponsored By: Razor's Edge Global
- Location: Library Quad
- Contact: iew@nova.edu

Starting at the Horvitz Administration Building, near Gold Circle Lake, we will have a parade of students holding the flags of their countries. We are going to have a flag for every country that is represented in NSU's student population. The parade will walk around the lake and end at the Alvin Sherman Library Quad. This event is to bring awareness to how culturally diverse NSU is, while giving students an opportunity to represent their country. Students are invited to represent their flag and walk in a group while carrying it. ***This is our IEW kickoff event - we hope to see you all there!***

For Shark Pride co-curricular credit provide a picture at the event proving attendance/participation
